what is the AAU UAT?

## Overview

The AAU UAT is a web based exam that is given under the precondition that you passed the EUEE exam for the admission of Addis Ababa University

## Detailed Test Structure

Math Breakdown

45 questions , 1 hour

- Algebra & Functions (25%)
- Geometry (20%)
- Statistics & Probability (15%)
- Word Problems (40%)

English Breakdown

55 questions , 1 hour

- Analogy (10%)
- Synonym/Antonym (15%)
- Passage Comprehension (30%)
- Sequence (15%)
- Vocabulary & Substitution (30%)

note: this percentages are not 100% accurate , rather they are rough estimation from the students who took the AAU UAT exam.

Interface Cues: Visual timer, question navigation panel, flagging and bookmark icons.

## Math Section In-Depth

1. Question Format & Layout
   - One problem per screen, four answer choices.
2. Topic-Level Modules
   - Algebra & Functions
     - Linear equations & inequalities
     - Quadratic equations & systems
     - Function interpretation (domain, range)
   - Geometry
     - Coordinate geometry (slope, distance)
     - Plane geometry (triangles, circles, polygons)
     - Angle/chord/arc theorems
   - Statistics & Probability
     - Mean/median/mode & data interpretation
     - Basic probability (single events, combinations)
   - Word Problems
     - Mixture, rate, work, percent change
     - Translating scenarios into equations

## English Section In-Depth

1. Question Format & Layout
   - Passage-based and standalone items, four options each.
2. Skill-Based Modules
   - Analogy
     - Pair relationship identification (e.g., function:machine)
     - Progressive difficulty: from simple to multi-step analogies
   - Synonym & Antonym
     - Contextual usage vs. isolated word lists
   - Passage Comprehension
     - 200–300-word passages; main idea + detail questions
   - Sequence
     - Sentence ordering exercises to create passages
     - Logical connector focus (“however,” “therefore,” etc.)
   - Vocabulary & Substitution
     - Fill in with the right word choice that completes the sentence
